

HSL-MK-30

Full Automatic Steam Boiler -30 kW
Designed for producing steam for various usage. For textile industry ,starts up 9-10 units ironing tables or 1 unit press(depends on capacity).Continuous operation 24 hours in a day. Has three units resistances, each electric heating element is self contained,in other words it is possible to switch on all the elements simultaneously or, individually, if steam requirements are low.Easy transportation with wheels. .Produced with international safety standard.Chic design.

Type	HSL-MK-30
Voltage	400 V ~3 NPE
Frequency	50 Hz
Total Power	30.55 kW
Power Of Pump	0.55 kW
Power of Resistance	3*10 kW
Working Pressure	4 bar
Dimensions	94*65*74 cm
Weight	114 kg
