

HSL-VUP-03K

Narrow Ironing Table With Vacuum-Blowing and Arm
Usually used for finishing in garment industries and dry cleaning shops. Brightness on fabrics and linings is prevented due to the blowing function. Especially it prevents formation of steam pressing stain on black clothes. The iron gantry with lighting assembly and air-vent chimney make easy ironing and more quality of ironing.

Additional options:

- Heating on swivel arm
- Lighting

TYPE	HSL-VUP-03K
Voltage	220 veya 380 V
Frequency	50 Hz
Total Power	2,5 kW
Vacuum Motor	0,55 kW
Blow Motor	0,55 kW
Surface Heating	1,5 kW
Dimensions	138*50*93 cm
Weight	61 kg
