SCAN ME

Cod. 0925

OROX® VRUN INFINITY fabric spreading machine, the culmination of our extensive experience and development in the textile industry, useful for any field: clothing, furniture, technical fabrics, medical, automotive etc.

This advanced machine represents the pinnacle of current technology, offering distinctive features of reliability, speed, precision, and ease of use. Constructed with high-quality materials and equipped with cutting-edge technology, our fabric spreading machine ensures reliable and continuous operation, minimizing downtime.

«iPLAN» – (4.0 industry)

The iPLAN family software is especially developed to optimize the spreading operations, avoiding waste of materials and paper, making them completely automatic and integrated with the company management system.

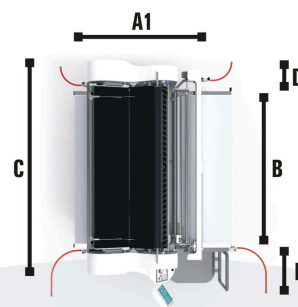

TECHNICAL FEATURES VRUN INFINITY

Spreading widths	180 200 220 240 cm	Max roll weight	80 kg
Power consumption	3 kw	Working temperature	from -5°C to +40°C
Electric requirements	230 v single-phase	Humidity	from 30% to 80%
Compressed air	100 L /min - 7 bar	Machine weight	300 kg
Max Spreading Speed	100 mt/min	Available Color	Black
Max roll diameter	80 cm

1,90 m	2,40 m	3,30 m	0,30 m	0,60 m
1,90 m	2,60 m	3,50 m	0,30 m	0,60 m

ACCESSORIES

✓ STANDARD TOOLS

● OPTION

	SIDE OPERATOR PLATFORM	✓
	DOUBLE CRADLE CONVEYOR BELT SYSTEM	✓
	DANCE BAR SYSTEM to manage the fabric tension	✓
	DOUBLE SENSORS to check the fabric alignment	✓
	SYNCHRONIZATION SYSTEM to spread with 3 encoders	✓
	SAFETY BAR DEVICES	✓
	BI-DIRECTIONAL cutting fabric system with adjustable speed	✓
	AUTOMATIC LIFT UP of the cutting system	✓
	4 WD - Equipped with four-wheel drive system	✓
	WIDE 10" TOUCH SCREEN DISPLAY	✓
	SINGLE OR MULTIPLE STEP spreading length programming	✓
	STORAGE AND RECALL of spreading parameters for different fabric types	✓
	«iPLAN» BASIC - Software including iSPREAD and TOUCH PC - 4.0 INDUSTRY	●
	«iPLAN» PRO - Software including iSPREAD and TOUCH PC - 4.0 INDUSTRY	●
	ISO USB PORT for ISO file reader	●
	REMOTE ASSISTANCE	●
	CRADLE OPENING SYSTEM	●
	PLATFORM FOR HOLDER FABRIC	●
	MANUAL FRONT CATCHER	●
	AUTOMATIC FRONT CATCHER	●
	REVERSE ROLLS SYSTEM	●
	ANTI-STATIC BAR	●
	TABLE LOADER	●
	FLOOR LOADER	●
